

“We Eat Termites for Lunch”

Cat Disclosure

As you prepare your home for fumigation a family member “the Cat” can be over looked, since most cats come and go as they please. Our technician does a thorough job to check for all animals, but a cat’s instinct is to run and hide even at the last minute. If you have a raised foundation this is even a more desirable place to hide. Our fumigation company hopes to prevent any unfortunate ending of a loss of a loved one. We strongly recommend you remove your pet from the property during the entire fumigation.

The roaming neighborhood cat can also be an issue, so please communicate with the neighbors of the upcoming fumigation. We recommend that you close off any openings to spaces that would allow domestic animals access, such as exterior sub area vents.

Our fumigation company utilizes chloropicrin (tear gas) as a warning agent and Sulfuryl Fluoride gas during every fumigation. The Sulfuryl Fluoride gas label states: "Remove from the structure to be fumigated all persons, domestic animals, pets (including fish) and desirable growing plants." Cats are capable of ignoring the extreme physical distress of chloropicrin exposure and will not leave their hiding place to alert a fumigator of their presence before the Sulfuryl Fluoride gas is introduced. Fumigators depend on you to help prevent a tragedy from occurring.

Please complete the following to help us protect your animals:

- | | | |
|---|------------------------------|-----------------------------|
| 1. Do you own a cat (s) ? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 2. Will your cat be boarded or in your possession the entire fumigation? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 3. Have you notified your neighbors who have cats that may access your property? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 4. Have openings or vents been properly sealed to prevent animals from entering the sub area or garage? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
